

Reading with your 12-month-old

Reading with her now will help her start to get words.

Reading with Mommy shows him that books are fun!

You don't have to read the words. Just talking to her about the pictures helps her learn.

Ask him where the picture is. Then point to the picture and say "there it is!"

It's OK if she tries to grab the book, or throw it on the floor.

He might not want to sit still. It's OK to do part of a story.

You can make a book part of bedtime.

Reading with her now will help him in school later.

Read with your baby every day! 😊
