

Reading with your 15-month-old

Reading with her will help her get new words.

Reading with Mommy shows him that books are fun!

You don't have to read the words. Just talking to her about the pictures helps her learn.

Ask him, "where is the picture?"
Talk about the picture.

She might not want to sit still.
It's OK to do part of a story.

It's OK if he tries to grab the book, or throw it on the floor.

You can make a book part of bedtime.

Reading with her now will help her in school later.

Read with your baby every day! 😊
