

## Reading with your 18-month-old

Reading with her will help her get new words.

Reading with Mommy shows him that books are fun!

Talk about the names of pictures. Talk about the colors of pictures.

Ask her to show you where the picture is, and let her point. Then say the name of the picture again.

He might not want to sit still. It's OK to do part of a story.

It's OK if she tries to grab the book, or throw it on the floor.

You can make a book part of bedtime.

Reading with him now will help him in school later.

**Read with your baby every day! 😊**
