

Reading with your 4-year-old

Reading with him now helps him get ready for school.

Talk about words that start with the same sound, like "sun," "sock," and "silly." Show her that they start with the same letter.

Talk about words that rhyme, like "run," "sun," and "fun."

You can talk about sounds and letters even without a book!

Point to a picture, and ask him what it is.

Point to a picture, and ask, "What's happening?" What happens next?

Read part of a sentence, and let her "fill in the blank."

Reading with Mommy shows him that books are fun!

Read with your child every day! 😊
