It's Time to Take Another Look

PPVT5
Peabody Picture Vocabulary Test, Fifth Edition

Introducing the Peabody Picture Vocabulary Test, Fifth Edition (PPVT™-5)

Main research goals:

- Update normative data
- Simplify administration process to save time
- Include item analyses that provide assessment to intervention connections
- Maintain the basic format of the PPVT–4 (e.g., two parallel forms, selection of stimulus word from four-picture layout)
- Refine the digital applications that will maintain the basic qualities of the PPVT–4 (e.g., ease of administration and response capture, brief administration time, accurate scoring)
- Refine items (for Form A and Form B) so that stimulus words and picture stimuli may be applied to differing cultures within the US in the current day

Uses & Applications

- Measure receptive vocabulary acquisition
- Assess receptive vocabulary—as part of a comprehensive language evaluation—across the lifespan
- Screen or assess strengths and weaknesses in the specific domain of semantics (i.e., word knowledge) and general area of language development
- Directly compare receptive and expressive vocabulary when you also administer the EVT™-3
- Move immediately into evidence-based interventions using those embedded directly into and linked into the Q-global® system

How Can I Buy PPVT-5?

PPVT-5 will be sold in paper/pencil and digital formats.
Digital formats include:

- Digital scoring and reporting via the Q-global system
- Digital stimulus books and manuals via the Q-global system
- Digital administration and scoring via the Q-interactive® system

OVERVIEW

A measure of receptive vocabulary for Standard American English

Qualification Level: B

Age Range: 2:6–90+

Administration:
Paper-and-pencil; Digital

Completion Time:
10–15 Minutes

Scores/Interpretation:
Age-based standard scores (M = 100, SD = 15), percentiles, normal curve equivalents (NCEs), stanines, and age and grade equivalents

Scoring Options:
Q-global® scoring & reporting; Manual scoring

Great news!
Customers already using Q-interactive for PPVT-4 will be given access to PPVT-5 automatically upon release! Not using Q-interactive yet? Visit HelloQ.com/home.

More great news!
Existing PPVT-4 Q-global scoring subscription customers who upgrade to PPVT-5 paper kits or digital assets before Jan 1, 2019 will be given a pro-rated scoring subscription of PPVT-5 for the remainder of their PPVT-4 scoring subscription time.

PEARSON

Introducing the Expressive Vocabulary Test, Third Edition (EVT™-3)

Main research goals:

- Update normative data
- Include item analyses that provide assessment to intervention connections
- Provide digital applications that will maintain the basic qualities of the EVT–2 (e.g., ease of administration and response capture, brief administration time, accurate scoring)
- Refine items (for Form A and Form B) so that the stimulus words and picture stimuli may be applied to differing cultures within the US in the current day
- Maintain the basic format of the EVT–2 (e.g., two parallel forms, items presented with a stimulus question, items presented with examples of correct and incorrect responses)

Uses & Applications

Applications of EVT–3:

- Measure expressive vocabulary acquisition
- Directly compare receptive and expressive vocabulary when you also administer the PPVT-5
- Assess expressive vocabulary—as part of a comprehensive language evaluation—across the lifespan
- Screen or assess strengths and weaknesses in the specific domain of semantics (i.e., word knowledge) and general area of language development
- Move immediately into evidence-based interventions using those embedded directly into and linked into the Q-global system

How Can I Buy EVT-3?

EVT-3 will be sold in paper/pencil and digital formats. Digital formats include:

- Digital scoring and reporting via the Q-global system
- Digital stimulus books and manuals via the Q-global system
- Digital administration and scoring via the Q-interactive® system

More About Our Digital Systems

Q-interactive

Q-interactive is Pearson's web- and iPad®-based system for interactive, seamless assessment, scoring, and reporting. With Q-interactive, you can administer interactive assessments with an intuitive, portable system that uses two iPads connected by Bluetooth. The examinee views test stimuli on one iPad; you use the other iPad to access test administration directions and verbal stimuli, control visual stimuli, and record and score responses. Learn more or sign-up at HelloQ.com.

Q-global

Q-global is Pearson's web-based system for accessing digital resources for assessment, scoring, and reporting. PPVT-5 and EVT-3 will have digital stimulus books and a digital manual available for purchase. Scoring is purchased separately. You have the option to purchase an unlimited-use 1-, 3-, or 5- year scoring subscription or individual score reports. Quantity discounts are available.
