Tips For Reading Aloud

- **Use different voices** to engage your child.
- **Ask questions** about the story to grow their curiosity and memory.
- **Encourage involvement** when reading aloud by inviting your child to turn pages when it's time.
- **Repeat the story** - children love to hear the same story, it helps them learn, and it's a sign they are connecting with the book.
- **Let your child choose what to read.** It may be the same story on repeat, but it's a sign they are engaged and enjoying the time spent together.
