

2025 Summit Agenda and Guide

Reach Out and Read and Nurture Connection National Summit, Nov. 5-6, 2025
*Strengthening Connections Among Health Care, Families, and Communities
to Improve Support for Positive Early Relationships*

Summit Goals

- 1) Convene a **coalition of networks united for shared learning**: leading, innovative organizations that represent the nation's early childhood community, child health systems, and networks of public and private investments — to share progress and meet the moment.
- 2) Discuss past, current, and emerging **activities that advance policy, practice, and research** in early childhood and child health system building, including **breakthroughs in lived-experience impacts** for early childhood system building with elevated family leadership, power sharing, and decision making.
- 3) Advance the **wide-scale promotion of Early Relational Health** by the innovative and evidence-informed activities of **parent leadership, community collaborations, and the medical home**.

All events take place at The Watergate Hotel
2650 Virginia Ave NW, Washington, D.C., 20037
